

In 2008, Public Act 95-0707 amended the *School Code* to require school districts to post on their websites any contract a school board enters into with an exclusive bargaining representative. The Mercer County School District is currently negotiating a new contract with the Mercer County Education Association (MCEA – the teacher union) and the Mercer County Education Employees Association (MCEEA – the support staff union). The new labor agreements will be posted on the district website when they are ratified. Links for the labor agreements for the former Aledo and Westmer school districts are given below.
