

## **NEW BOSTON ELEMENTARY 4<sup>TH</sup> GRADERS COMPETE IN SPOT SHOOTING COMPETITION**

Mrs. Carey and Mrs. Shepard's fourth grade classes competed in a basketball spot shooting competition during physical education class. Each student shot for 60 seconds from various predetermined spots on the floor. Each spot had a certain point value assigned to it. Making shots farther from the basket resulted in a higher point value. For example, on the block the shot counted for 2 points and at the top of the key counted for 7 points. There were seven different spots to shoot from on the floor. Jenna Welch won the overall girls title with 31 points. Evan Terrill scored 27 points for the victory on the boy's side. Both students were received a new basketball for their efforts.
