

Civics Community Service

As a part of the civics course at Mercer County High School, students need to complete **twenty-five hours** of community service. This allows students an opportunity to see what it means to be an active citizen and assist members of our community in various ways. You may use one activity or several to complete your community service. Use this sheet to record your community service. Make sure you receive a signature from your supervisor as evidence of completion. Volunteer work beginning in the summer before entering their Freshmen year will be counted towards the service hours needed for this Senior year civics class beginning with the Class of 2024 and beyond. Please feel free to contact me by email at pihl@mercerschools.org with questions.
